New Babe Ruth Batting Champion: Neil Vaughn Cops Title With .568

The 1956 batting champion of Greenbelt's Babe Ruth League, to the surprise of no one, is Neil Vaughn. The cheery, blond captain of Variety Store banged out an amazing .568 average on 21 hits in 37 tries. Vaughn also led the league with 19 runs scored and 23 runs batted in. His six two-baggers topped the four-team circuit, while he and Bobby McGlothlin smacked the only home runs, one apiece. Husky Tommy Iveson, captain of the pennant-winning Drug Store team, crashed out 5 triples to easily pace the loop's batters in this department.

Players graduating from the Babe Ruth League this season are: Ron Newman, Earl Doss, Bob McGlothlin, Tom Iveson, Dick Ellis, who captained the Supermarket nine, Donnie King, captain of Service Station, Bobby McNally, Johnny Wilson, Bobby Taylor, Brent Barker, Chuck Clark and Mike Freshman. The Little League will send up approximately 33 players to compete with returning Babe Ruthers for positions.

Banking Hours

The administration of Suburban Trust Company has announced that all offices of that institution will not be open for the transaction of business on Monday, September 3, in observance of LABOR DAY, a legal holiday in the State of Maryland.

Beginning Saturday, September 8, regular banking hours will be resumed for the winter season on Saturday mornings from 8:30 a.m. to 12 noon. It has also been announced that all offices of the Suburban Trust Company will be open on Defenders' Day, Wednesday, September 12.

City Council Hears Parking Proposals

Continuing its work on setting up a zoning plan for the city, the city council pressed toward its conclusion in two special sessions—Saturday morning and Monday night. The plan will take final form next week, according to indications.

At the Monday night session, the council directed city manager Charles McDonald to open bids for a proposed enlargement of the city-owned parking lot in the rear of the GCS food store.

The proposal would enlarge the lot from its present capacity of approximately 40 spaces to a maximum of 125. This enlargement would eliminate the necessity of parking along Parkway and Crescent and provide sufficient off-street parking to relieve the present congestion on these streets.

GCS has indicated willingness to bear the expense (or at least \$16,000 worth), provided the city allows them to pay off this amount in four equal installments. This plan seems to meet with considerable opposition. Councilman Ben Goldfaden emphatically stated that he would oppose this move, since he did not think the city should underwrite such a proposition.

In a heated discourse, councilman Robert Hurst opposed opening a driveway from Parkway into the enlarged parking lot, saying that he deemed it hazardous to turn Parkway into what he termed a "commercial thoroughfare."

The council's next meeting is called for Wednesday night, August 29, at 8 p.m.

Local Majorettes Cop Prizes Galore In Area

The Greenbelt Majorettes are bringing more prestige to Greenbelt than ever before. The girls, sponsored by the Greenbelt Volunteer Fire Department and Rescue Squad, have been awarded eight trophies and two cash prizes within the past three months.

Last Wednesday, August 22, the group received \$20 and a specially engraved trophy from the veterans of Foreign Wars for coping first place in a post-parade competition at Kentland, Maryland.

Recently, the Majorettes received a beautiful trophy for achieving second place in a competition at Ritchie Coliseum which included groups from Maryland, Washington, D. C., Virginia, and Pennsylvania.

The girls represented our Post 136 in the American Legion convention parade in Baltimore last Friday.

The Greenbelt Majorettes are: Nancy Kurth, leader; Lillian Castaldi, assistant leader; Mazine Fern, Henrietta Haslinger, Paula Henry, Joanne Iseli, Karen Jorgensen, Kathleen Madden, Phyllis Palmerton, and Joyce Pendleton.

Try-out will be held soon for the Majorette group. Girls 13 years of age and over are eligible for membership. Watch your local paper for the exact date.

"COME TO THE FESTIVAL!"

POST-FESTIVAL HOP

A post-Festival dance for all Festival workers will be held at the Greenbelt Armory on Saturday, September 29. Guests of honor will be all the candidates in the contest for Queen of the Festival. Music will be supplied by Tommy Thayer and his Cavaliers.

County Schools Open Tuesday, September 4

Public schools in Prince Georges county will open Tuesday, September 4, 1956. The children will be in school until 11:30 a.m. on this date. Beginning September 5, school will be in session until 3:30 p.m. with the exception of the first grade. First grade will be dismissed at noon during the first week.

All new pupils, with the exception of the first grade, will report to the homemaking room of the Center school. First grade children of Center school will report to the auditorium. New pupils of the North End school will report to the auditorium. New pupils who have attended other Prince Georges county schools should present their grade placement cards. Pupils new to the county need to present transfer cards and records of immunization. All children registering for first grade must have reached their sixth birthday on or before January 1, 1957, to comply with the new ruling of the Attorney-General's office.

All children are requested to report to the school at 9 a.m.

Hi-Point Registration

High Point high school starts its fall term next Tuesday, and Principal Allan Chotiner has announced the following registration and opening-day procedures:

New students were to have registered today for grades 10, 11, and 12. Students from Greenbelt junior high school entering the tenth grade at High Point should report Tuesday to the cafeteria for assignments. Students who attended High Point last year are to report to last year's homerooms for their new assignments. School will be in session Tuesday until 11:30 only.

The school buses will follow the same schedule as last year, making the same stops at the same times. The school cafeteria will open next Wednesday.

JCC School Program Holds Registration

The Jewish Community Center youth education season will get under way Sunday, September 9, with a registration session in the JCC building, starting at 10 a.m., according to Principal Samuel Vernoff.

Three days later, on September 12, the school will sponsor a parent-teacher "get-together" featuring a talk by Benjamin L. Yatko, principal of the B'nai Israel Religious School of Washington. Yatko will speak on "Parents Make the Jewish School" and following his talk will lead the JCC teachers in answering questions about Jewish education. The parent-teacher get-together will begin at 8:30 p.m. in the JCC building. Regular classes will start Sunday, September 16.

In addition to Principal Vernoff, this year's staff includes Assistant Principal Jeanette Zubkoff and the following teachers:

Mrs. E. Barnett, Mrs. E. Kaplan, Mrs. F. Vernoff, Mrs. B. Kramer, Mrs. F. Cohen, and Mrs. S. Shiren. The JCC board of directors recently appointed Bernard Krug chairman of the Youth Education committee.

Curtain Rises On Most Spectacular City Labor Day Festival Ever Seen

The second annual Greenbelt Festival will fill the community with four days of fun, frolic, and festivity beginning this Friday, August 31, and climaxed by a mammoth two-hour Labor Day parade, the biggest and longest parade ever held in Greenbelt. The Festival is held each year to provide funds for a Greenbelt Youth Center building.

Following the opening ceremonies at 7 p.m. on Friday, featuring the Greenbelt band and majorettes and brief words of welcome from the mayor, city councilmen, and city manager, there will be staged on Centerway the first round of the local talent contest, a dance exhibit, a jitterbug contest, and entertainment by the Volunteer Camp Shows group of the D. C. Recreation Department. The high point of the first evening's events will be the fireworks display at 9:30 p.m. at Braden Field.

Majorettes Strut

Activities will open on Saturday with the majorette contest at Braden Field at 2 p.m. Individual majorettes in four different age categories from wee ones on up and majorette groups will compete. A series of athletic contests featuring a 100-yard dash, tug-of-war, horseshoe contest, and golf driving competition will begin at 4 p.m.

The big event of Saturday night will be the outdoor square dance behind the swimming pool. James Wiltbank, an experienced square dance caller from Wyoming, will direct the dance. The second round of the talent and jitterbug contests will be held in the evening and more entertainment by the D.C. group.

Homecoming

Sunday has been designated as Homecoming Day, and all Greenbelt churches will conduct special services which will welcome back all former residents of Greenbelt. The big feature on Sunday night will be the announcement of the winner of the Popularity Contest who will be crowned Queen of the Festival. The two runners-up will also receive tiaras and make up the Queen's court. All three will be featured in the Labor Day parade.

Iseli Leads

The latest count in this contest shows Joann Iseli, the entry of the Fire Department-Rescue Squad and Auxiliary, maintaining her lead with 9,255 votes. Ginger Lagana, sponsored by the Athletic Club, has moved into second place with 8,382 votes. Still running strong in third place is Nancy Kurth, representing the American Legion & Auxiliary. Battling for fourth place are Jeriann Weber, the Izaak Walton League's entry, with 3,384 votes and Diane Finlay, the Lions Club choice, with 3,301 votes.

Monday, Labor Day, will be the biggest day of all. Activities will begin at 6 a.m. when the bass fishing contest opens at the lake and runs until 8 p.m. The parade will begin at 10:30 a.m. at the North End and winds its way to the Center down Ridge, then into Gardenway, and then down Crescent to Centerway. Greenbelt units will appear near the front of the parade. Master of ceremonies at the reviewing stand in the Center will be Dick Mansfield, well-known local television star.

Ball Game

A baseball game between the Greenbelt Athletic Club and Fort McNair will go on at 1 p.m. Contests between various Fire Department-Rescue Squad organizations will take place at 1:30 p.m., and a band contest will be held at 2 p.m. Awards of trophies will be made throughout the day, and a boxing contest will be staged at 4 p.m. In the evening will be held the finals of the talent and jitterbug contests and more entertainment. The last event will be the awarding of a special trophy to the Greenbelt Festival's most active organization.

Art Show

In addition to the scheduled events, there will be special attractions, such as the art exhibit on the Centerway directed by Greenbelt's talented and recognized artist Benjamin Abramowitz. Booths set up for games, including bingo, and refreshments will operate in the Center plaza throughout the Festival. A merry-go-round, automobile ride, and pony ride for children will also be on hand in the area in front of the swimming pool. Exhibits on "Religious Education of the Child" will be on display in the Variety Store windows under the direction of Seymour Kaplan.

More than 25 Greenbelt organizations have combined to support and put on the Festival under the supervision of Permanent Festival Chairman Eli Don Bullian. Trophies for the various contests have been donated by both organizations and individuals. Local spiritual leaders have also volunteered to open each session of activity with an invocation.

GVHC Board Acts On Minor Items

With four absences because of summer vacations, the Greenbelt Veteran Housing Corporation board of directors confined its business to two minor items last Friday night. Action on the recommendations of Frank Lastner governing sales procedures and principles to be followed by GVHC sales department and other real estate brokers was postponed until the September 24 meeting.

The board acquiesced to a request relayed by GVHC manager Paul Campbell from the Labor Day Festival Committee for a donation of \$25 to cover the cost of trophies. This sum is in addition to \$10 voted at the last meeting for the entry fee of GVHC contestant Grace Wolfe in the popularity contest.

The board also conditionally approved a request of the residents of 38 court of Ridge to make available to the city a plot of idle land in the court for the erection of a tots playground. The approval carried a request for legal counsel to provide safeguards which would assure that GVHC rights to the property are not impaired by the grant.

Invitations To Dance Classes Are Planned

Plans are being made to bring to Greenbelt instruction in both classical and interpretive ballet.

Miss Erika Thimey, well known Washington dance impressionist, will again teach interpretive ballet, and several schools of classical dancing have expressed a willingness to furnish instructors.

The groups will be organized on a cooperative basis, and the cost of the lessons will be determined by the number of students enrolled.

Those interested in classical instruction are invited to telephone Mrs. Miller at 5466 or Mrs. Chotiner at 9686. Those interested in interpretive may call Mrs. Amberg at 9367 or Mrs. Justman at 7071.

Nursery Meeting

The Greenbelt Cooperative Nursery School will have a membership meeting next Tuesday at 8:30 p.m. at the home of Mrs. Florence Tredwell, 5-A Crescent. It is imperative for all members to attend this meeting, Mrs. Tredwell said.

The school can still accept a few more applications of children aged three and four, and interested parents are invited to the Tuesday meeting, or they may call Mrs. Helen Dondy, 6-K Ridge, GR 4-9437.

Ace

Lloyd L. Moore made a hole-in-one, last Saturday, on No. 4 at the Sligo Golf Course in Silver Spring. He used a 5 iron to make the 156 yard shot. Witnesses were Joseph and Edward Hubert of Silver Spring and Don Band of Takoma Park.

"We All Are Artists"

Too often, like grandfather, we consider art an exercise for the "masters" . . . while in reality we moderns are all artists. What article or object about us is not pleasing to the eye? Of course, most of them are! We, the artist, have made them, selected them, and arranged them that way. What one among us does not express himself through an art craft? We all make things, or select things, or arrange things . . . we all are artists. Art is for each and every one of us an experience. Let us understand ourselves through these things; let us set ourselves apart with them and dream; let us show them to others that they too might see themselves in them. Art like a mirror reflects but it also reveals and transforms. The leaf print, the model airplane, the woven scarf, and the sketch, all hold art meaning for they tell us about the artist. We can all enjoy our own and each others expression in art and art craft objects. Art is for all of us!

Saturday at one o'clock a group will assemble on Centerway opposite the drug store to bring Greenbelt an art fair exhibit as part of the Labor Day Festival. It is hoped that you will be a part of this group to make this years exhibit representative of the interests of young and old alike. The art committee is depending on you to make the showing wide in variety and thorough in meaning. Bring what you have made, selected, and arranged. Remember, we moderns all are artists!

Albert A. Ellerin of the Arts and Crafts Supply Co., 934 New York Ave., N.W., is donating the awards and trophies for the exhibit and they will be presented Monday at 3:45 p.m. The jury of awards will consist of Benjamin Abramowitz, Gordon C. Lawson, and myself. The show will be on view from two o'clock until eight o'clock Saturday, Sunday, and Monday. Each person will be responsible for his own work. Bring your work to share with the rest of us . . . for art is for everyone!

Donald M. Uhlin, Festival Art Committee

Rules To Prepare Child For School

It seems but a short time since the familiar annual chant of the children,

"No more pencils, no more books; No more teachers' dirty looks".

School days will soon arrive once more. For many children this will be a new experience and will be accompanied by mixed feelings on the part of both child and parent. Dr. T. S. Englar, Prince Georges county health officer, offers some suggestions.

General Health

Make sure your child is in good physical condition. In addition to his vaccination for smallpox he should have a complete physical check-up and dental examination. It is a good idea for the mother to anticipate questions about the child's health and be prepared to supply information regarding his illnesses, immunizations, handicaps or restrictions and any communicable disease he has had.

By school age a child should have developed some good health habits. He should be able to go to the toilet without assistance. He should always wash his hands afterward and also before eating; and have an established time for meals and going to bed. His clothing should be comfortable, of the right size and easy to put on. If clothes are new let him become sufficiently familiar with them to recognize them as his own. He should have clothing appropriate to the weather - raincoat, rainhat and boots when necessary and warm clothing when chilly days arrive.

Feelings of insecurity will be kept at a minimum if the child knows what to expect. He should know what his school and the room where he will be located look like. He should not expect his mother to stay with him. If he has gotten along without mother on previous occasions he will be better prepared to do so now. He should know how to get along with other children. Although he should realize that

his schooltime will not be entirely devoted to free play, neither should he be anxious about what will be expected of him. The child who only looks forward to going to school "so I can play ball with the other kids" has an attitude as unrealistic as one who moans, "The teacher might want me to read and I don't know how to read."

Safety On Way

Perhaps a major cause of parental anxiety will be centered around the child's safety on the way to and from school. The best precautions are to teach him practices for safety. If he must use the highway he should walk on the left facing oncoming traffic. If he rides, a bicycle he should ride singly and in single file, and not try to show off or weave back and forth along the road or street. If he rides a bus he should know how to board and leave the bus, keep head and arms inside, refrain from creating a disturbance with other children or distracting the driver.

All children should learn to obey traffic signals and know the rules applying to their particular situation. More vehicle accidents to children occur when crossing between intersections than in any other area. Walking in roadway and coming from behind parked cars also cause unnecessary deaths. Teach your child the best route to take and see that he gets up early enough that he does not have to hurry.

At school he will be taught about health and safety and will be expected to observe safe practices. If possible it is best that he be accompanied by other children and he must be cautioned against ac-

Our Neighbors

Janet Gerton, 10, 16-U Ridge, was one of ten winners in the metropolitan area in the Hot Shoppes letter-writing contest on, "Why I Would Like to Visit the Hot Shoppes Farm". Prize was a day's outing last Saturday for the winners and their families at the Hot Shoppes farm in the Blue Ridge mountains, including pony rides, a hayride, good food, etc.

The Leon Kahn family, 9-F Ridge, have just returned from a two-week vacation. The first week they spent at the Rapidan cooperative cabins high in the Blue Ridge mountains. Then they went to the beach at Wildwood, New Jersey, for a week.

Seven-year-old Nancy Gerton broke her leg about two weeks ago. This didn't stop her family from going off on vacation last week, including sightseeing in New York and the Blue Ridge mountains. Nancy is getting around very well on crutches.

Harry and Jeanette Zubkoff and their children, 17-H Ridge, spent their three-week vacation at Crystal Beach, Ontario, on Lake Erie near Niagara Falls.

Betty and Sam Cress of 34-D Ridge took a 5½ week camping trip in late June, July, and early August. They drove west to the Black Hills of South Dakota, through Yellowstone National Park, to Glacier National Park, where they spent two weeks. They then drove into Canada and on their return trip visited relatives in Minnesota, Wisconsin, and Ohio.

Community Church

Eric T. Braund, Robert C. Hull

Ministers

GRanite 3-5846

Sunday, September 2 - 10 a.m., Church Worship with Mr. Hull preaching; Promotion Day for the Church School, and boys and girls leaving the various departments will be recognized in the Church Service. The Long View

By Al Long

I don't know of any city its size that has more recreational facilities and is doing less with them than Greenbelt. We have ball fields, tennis courts, a lake, a swimming pool and playground areas. We have little tots, teenagers, adults and older folks, all eager to participate in some good recreational program. We have volunteers who are ready and able to serve. We have nearby universities to give advice and guidance. But we don't have a recreation director to give leadership and planning.

Well, now that both the Republican and the Democratic conventions are over, we can sit back and marvel that our country has come through so many of them. We all have two duties as citizens now: one, to register and vote; and, two, to contribute to the party of our choice. I'd still like to see a house-to-house bi-partisan drive for funds. Maybe, the League of Women voters will give leadership to such a civic program. I listened carefully to both conventions and on the basis of my keen analysis of the political situation this year, I firmly prophesy that the winning ticket will be . . . and . . . (censored by the Hatch Act!)

My business is coming along fine. I now have two ulcers, and if I don't go broke before I even open I hope to make some money. I'll tell you more about it when I know more definitely the date I will open. In the meanwhile, save your money so you will have some to spend at my place.

Before you renew your present car policy, check this big-league value with Nationwide. Non-assessable policies . . . quality, up-to-date protection . . . favorable rates . . . coast to coast claim service on 24-hour basis . . . policies issued on-the-spot. And you'll be joining an "on-the-ball" team—where policyholder committees work with management. So before your old policy runs out, check first with your Nationwide representative:

... and be sure to ask for your FREE copy (no obligation) of the 1956 Nationwide Baseball Handbook — schedules, statistics, all-time records!

Football Tryouts

All boys interested in playing football for the Greenbelt Boys' Club should report to Braden Field Tuesday, September 4, at 6 p.m. The Boys' Club will sponsor a 90-pound and a 105-pound team. Other teams will be organized if there is enough interest in them.

Duplicate Bridgers To Kick First Shin

The first monthly duplicate bridge game of the 1956-57 season will be held by the Greenbelt Bridge Club Friday evening, September 7, at the social room of the Center school, it was announced by club director Al Skolnik this week. The game will begin promptly at 8:45.

Skolnik extended an invitation for all bridge players to participate. "You do not have to be familiar with duplicate bridge procedure," he stated. "We will teach you all you need to know in a few minutes. All we ask is that all players assemble at the building by 8:45." Bridge players in need of a partner for the evening are asked to contact Skolnik at GR 4-7586.

"The Legionnaire"

By Thomas J. Freeman

The annual state convention for the American Legion, Department of Maryland, was held in Baltimore August 22-25 at the Lord Baltimore Hotel, to read the year's committee reports and to elect new state officers. David L. Brigham, past state commander for 1956 turned the convention over to LeRoy Metz of Hagerstown, Maryland, the incoming state commander for 1957. I might add that Greenbelt has again come out with another winner. Our own "Pop" Bell, a resident of Greenbelt for the past 19 years and an old legionnaire was appointed State Assistant Sergeant of Arms, which gives Post 136 another white cap; the other state officer is Clarence Anders who is on the State Executive Committee. Greenbelt Post this year was entitled to 13 electoral votes which made us very much accepted at the convention.

Gold Wings

Commander LeRoy McCauley and past commander "Jake" Hoffman received for the second year in succession "gold wings" for their achievement in obtaining a hundred members or more to join the Greenbelt Legion.

The convention parade took place August 24 and this reporter thinks Greenbelt's showing was unequalled by any other in the past. The Greenbelt Majorettes' performance, under the leadership of Miss Nancy Kurth, was terrific as usual, and the Post wishes to thank the Rescue Squad for transporting the girls to and from the parade. A special note of thanks goes to Ted Pugh for his outstanding leadership in training the American Legion Junior Drill Team. They performed professionally well for the three and one-half months they have been in existence, and I know that each and every one of you, if you could have seen them, would have been proud that they represented Greenbelt.

Aux Convenes

The Women's Auxiliary also held their convention in Baltimore, their headquarters being the Emerson Hotel. Mrs. Elaine Wood, President of Greenbelt Ladies Auxiliary turned in 15 new members to add to the 76 present members. The auxiliary is a very important part of the American Legion and the duties they perform are known nationwide. In order to carry out these duties they must have a good size membership. Their goal for 1957 is 152 members. If there are any ladies eligible to join the auxiliary and are interested in the betterment of the community and mankind, please contact Mrs. Vivian Taylor, GR 4-8301, and I am sure they will be greeted with the greatest of exuberance.

Harold W. Newkirk, a member of Greenbelt Post 136, suffered a heart attack and died August 25. The post members wish to extend their sympathies to the Commander and Mrs. McCauley, daughter of Newkirk. Services were held at Gasch Funeral Home, Hyattsville.

Safe Driving Hints For Labor Day

If you don't want to spend Labor Day laboring over a stalled car, you'll be smart to take special care when you tangle with bumper-to-bumper traffic.

The Institute for Safer Living of the American Mutual Liability Insurance Company has issued some words of advice to help you in the "stop-and-go" traffic you'll meet on the road this weekend.

a. Don't shut off your engine while waiting in traffic. Frequent restarting weakens the battery and over-heats the starting motor. Best to keep the engine idling and shift into neutral if your car has an automatic shift.

b. If the wait is long, speed the engine moderately for 30 seconds every few minutes in order to cool it with a blast of air from the engine fan.

c. If the radiator begins to boil, pull off the road and turn the motor off. Don't remove the radiator cap until the temperature gauge drops to 180 degrees. Then use a towel or other protection against gushing hot water or vapor when unscrewing the cap. Start the motor and add warm water while the engine idles.

d. If the weekend turns out to be a real scorcher, you may find that your engine stalls occasionally, especially at high altitudes. Don't step on the starter immediately. As the engine cools, it will allow the vaporized gas blocking the fuel line to liquify and you'll be able to start the engine again.

Don't be fooled into an accident by a green light! Gunning your car across an intersection the instant you get the green "go" signal may end in tragedy. The other-way traffic may fail to stop as quickly as the light turns red.

Hundreds of motorists get crumpled fenders every day for crashing through red lights — "they didn't see it," "they fell asleep at the wheel," "they couldn't stop," "they tried to beat it." Remember at a light-controlled intersection, two highways cross. Check cross traffic to make sure it is stopped for the red light before you take the green.

While you're traveling along in a line of traffic, nothing will be gained by crawling up the back of the car ahead, or running up too far before braking. Give the driver behind you a chance to use his brake in time and lessen his chance of hitting you. Brake gradually to reduce wear and tear on your car and to save passengers from a nerve-racking ride.

You'll find there will be fewer bumps in "bumper-to-bumper" traffic if you follow these few simple tips.

Voter Registration Rules For Maryland

If you live in Maryland, where and when you register for the November general election depends upon where you live.

Registration must be in person and is permanent if you vote once every five years. Montgomery County deadline is Sept. 21. Deadline in Baltimore City and Prince Georges County is Sept. 22. However, although the legal deadline in Prince Georges is Sept. 22, the county courthouse will not be open that day since it falls on Saturday. In the following counties the deadline is Oct. 6: Allegany, Anne Arundel, Frederick, Washington and Wiscocomo. In all other counties deadline is Oct. 9.

Absentee ballots are allowed, and must be returned before polls close on Nov. 6. A U.S. Senator and 7 U.S. Representatives will be elected by Maryland.

Further information may be obtained from Mrs. Clarence E. Fisher, chairman of the voters service of the D. C. League of Women Voters, at Taylor 9-0056; from Elizabeth Rohr, voter's service chairman for Montgomery County, at Oliver 2-7508, or from Mrs. Robert Wolf, voters' service chairman for Prince Georges County, at WARfield 7-3231.

Athletic Club Nine Loses One-hitter

A powerful Atchison and Keller baseball team, using every offensive maneuver possible, scored 6 runs in the first two innings and then went on to pulverize the Greenbelt Athletic Club team, 12-1.

Greenbelt was never in the game after the first two innings as the driving Atchison - Keller team capitalized on two errors, two bases on balls, one hit batsman and two timely hits to bring in 6 runs.

The Athletic Club team scored its only run in the second inning when Boyer took first on an error, advanced to second on a wild pitch and crossed the plate on Harbaugh's single. Harbaugh's hit was the only hit allowed the Greenbelters by four Atchison-Keller hurlers, who divided the pitching chore.

Bierwagen started the game for the Athletic Club team and allowed 3 hits and 6 runs. Phelan relieved Bierwagen in the sixth inning and allowed 5 hits and 6 runs. Bierwagen was charged with the defeat, his second of the season.

The Greenbelt Athletic Club team will play their final game of the season against Fort McNair on Labor Day at Greenbelt. Fort McNair is the only other team that has beaten Greenbelt during the season.
